A Chara

The Disability Rights Lawyers Network is a group of lawyers with an interest in legal issues affecting the lives of people with disabilities in Ireland, we were established to identify legal issues in practice that affect the rights of persons with disabilities to access to justice and make suggestions as to how they might be resolved.

Two new members of our network, Jane Barrett and Aisling Glynn, are also members of a Steering Committee in the process of establishing a disability network for the Irish legal sector which is I understand, to be a representative body for lawyers with disabilities and their allies.

Ms Barrett has kindly shared a copy of the submission made by her network on the 6th of July. Our Network has agreed to support the submission made by Ms Barrett and her colleagues and the recommendations set out therein.
